NOTICE N-29
"ENVIRONMENTAL PERFORMANCE INCENTIVE PROGRAMME FOR SHIPOWNERS"
PORT OF SEPT-ÎLES

EFFECTIVE JANUARY 1st, 2027

Item	Description
1.	(a) The environmental performance credit applies directly to Harbour Dues[1] and can reach up to 30%. Discounts on Harbour Dues are not cumulative. (b) The credit depends on the certification level achieved in an environmental program or a technology installed to reduce atmospheric emissions or underwater noise, as outlined in tables 1 and 2. (c) To be eligible for the discount, the certification must be valid for the entire period the vessel is within the port limits. (d) Vessels must meet only one criterion to qualify for the discount based on the corresponding level. (e) To be eligible, the shipowner must submit a completed application form to the PSI, indicating the certification level achieved and providing proof of qualification in accordance with the following procedure: i. To qualify for the discount, the form available on the PSI website must be completed and emailed to: capitainerie@portsi.com. ii. The request must be made as soon as a berth reservation is made and will no longer be accepted by the PSI once the vessel's declaration has been processed. iii. A copy of the program certification confirming the required environmental level or proof of the installed technology must accompany the vessel declaration (A6 or house) to be eligible for the discount. iv. The PSI will not keep certifications in its records. Therefore, the request must be submitted each time the vessel docks at the port.

*Unless otherwise specified, all rates are in Canadian dollars.

[1] Note that the minimum Harbour Dues continue to apply where applicable.

Table 1. Technologies or Certification Programs for Reducing Atmospheric Emissions

		TIER 1 (10%)	TIER 2 (20%)	TIER 3 (30%)
EMISSION REDUCTION TECHNOLOGIES	Shore Power (non available)			Equipment installed on vessel and shore power utilized for majority of time at berth
